### Suggested payments

The figures listed above are the amounts required to pay for the base fees only and do not include any extra-curricular or classroom activities or supplies. The actual figure required to pay each year is totally dependent on your son's involvement in the St Bede's College community. We recommend budgeting \$3,900.00 for a Day Boy and \$17,600.00 for a Boarder as a fair estimate to cover these, this does not include top grade sporting fees

If you wish a particular payment be used for a specific charge, the Reference field must contain the name for that charge, if not, any money received will be allocated according to the payment hierarchy used at the College.
