

St Bede's College

CM1 - COMMUNICATION

CM1 - COMMUNICATION

Rationale

St Bede's College Board of Trustees recognises the need for consultation with the Bedean community to enable the free exchange of views with the objective of maximising spiritual, academic, cultural, sporting and social opportunities for students.

Principles

1. To establish an effective process to make all members of the Bedean family aware of Board to Trustees and College activities, relevant changes to procedures and policies, and any events that may affect the health and safety of members of the College community.
2. To ensure parents and other members of the Bedean community know how to make their views known on any issues associated with the College, and the process available.
3. To ensure at all times that the values of the College are the basis of every interaction with members of the Bedean community.

Additional Relevant Policies
