

YEAR 9 AT ST BEDE'S COLLEGE

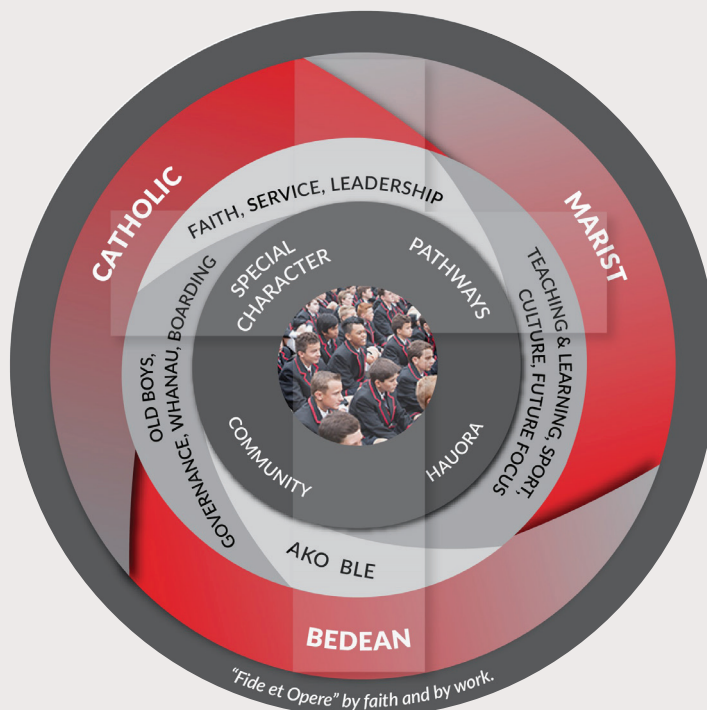

Thank you for your interest in St Bede's College as an option for your son's education.

You can see by the diagram that the boys are firmly at the centre of all we do. We offer a holistic education and our aim is to personalise every boy's education, recognising that each boy is unique.

The context is our Catholic, Marist and Bedean Learning Environment. We aim to give boys every opportunity in and out of the classroom to realise their gifts and talents.

We aim not to make St Bede's College great, but to give boys every opportunity to be great through the experiences they embrace during their time at the College.

Jon McDowall
Rector

YEAR 9 ACADEMIC PATHWAY

Students in collaboration with staff and whanau design a course that reflects their interests, aspirations and next steps in learning through the selection of four different learning packages from each curriculum area. This allows students to experience a robust and balanced curriculum whilst having the ability to follow their passions and interests within each area.

Learning Areas Include:

Arts | Languages | Mathematics | PE & Health | Religious Education
Science | Social Sciences | Technology

Blended Learning

Technology blended into daily learning to enhance the teaching and learning process. All Year 9 students are required to have a device.

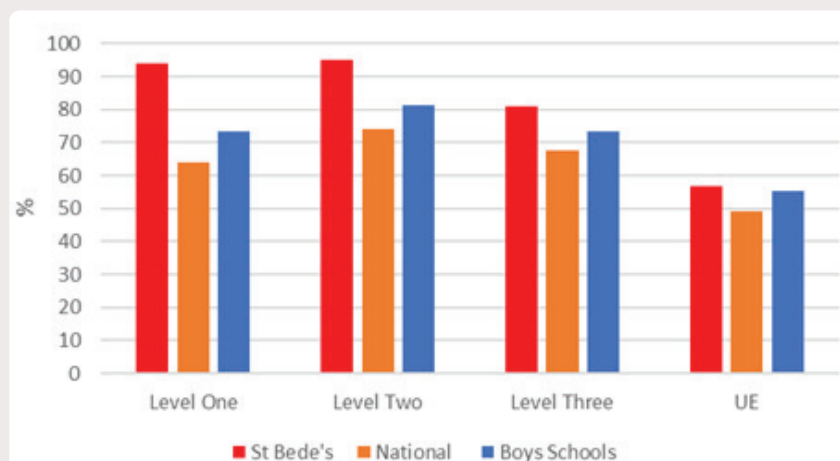

Centre of Enhancement

Enhancing the learning opportunities and holistic support for students who would benefit from specific, specialised and targeted support to reach their potential in the areas of e-Learning Support, Gifted and Talented Education, High Performance Sport & Culture, Careers Education.

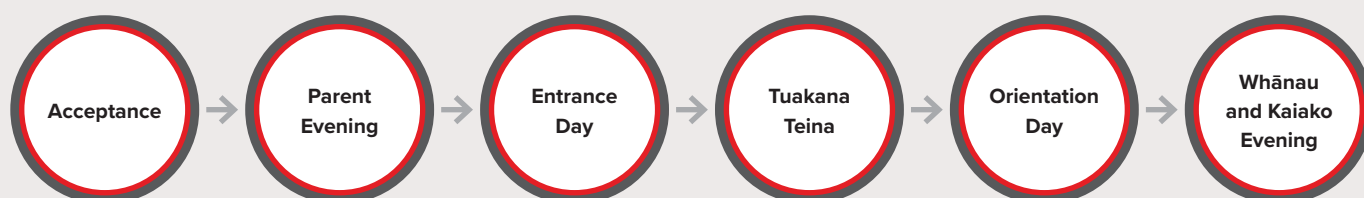

Centre of Wellbeing

Support, guidance, psychological and counselling services that enhance and promote student wellbeing.
