Parental Generic Permission for Level 1 & 2 EOTC Events

Our Education Outside the Classroom (EOTC) procedures require that we obtain generic written permission for your son to participate in Level 1 and 2 EOTC events while he attends St Bede's College.

The purpose of this generic permission is to save time and resource costs when your son participates in low risk events. You will still be given an information sheet by the teacher in charge and you have the right to withdraw your permission at any time by contacting the EOTC Coordinator or TIC of the event.

Written permission is still required for each individual event where the risk is deemed greater than Level 2.

Please read the table below and sign the generic parental permission form included in your enrolment documents.
